State of New Hampshire.

To the inhabitants of the town of Lancaster qualified to vote in town affairs:

You are hereby notified to meet at the Town Hall in said town on the second Tuesday of March next, at nine o'clock in the forenoon, to act upon the following subjects:

1. To choose a Town Clerk for the ensuing year.
2. To choose three Selectmen, a Treasurer, a Prosecuting Agent and other necessary officers for the ensuing year, and also three delegates to a constitutional convention to be holden at Concord on the first Wednesday of June 1915 to revise the Constitution of the State of New Hampshire.
3. To see what sum of money the town will vote to raise for the following purposes:
 - First: To meet current expenses of the town and apply on principal and interest of the town debt.
 - Second: For building and repairing highways and bridges.
 - Third: For building and repairing sidewalks.
 - Fourth: For breaking rock and building macadam roads and streets.
 - Fifth: For lighting streets.
 - Sixth: For observance of Memorial Day.
 - Seventh: For extension and care of sewers.
 - Eighth: For care of parks and cemeteries.
 - Ninth: For support of library and reading room.
4. To direct how money raised for any of the above purposes shall be expended.
5. To see what action the town will take in regard to an act to provide for state aid and for the expenditure of other public moneys in the permanent improve-

ment of main highways throughout the state, passed February 5, 1905, and amendments thereto, and raise money for the same.

6. To see if the town will vote to instruct the Selectmen to appoint a special police officer for night service in Lancaster village for the ensuing year, and to raise money for same.

7. To see if the town will vote to raise money for the observance of Old Home week and direct how the same shall be expended.

8. To see if the town will vote to exempt from taxation any town, precinct or district notes or bonds now outstanding or which may hereafter be given, if so under what conditions.

9. To see if the town will vote to accept a certain sum of money, and pay interest thereon, the income to be used to defray the expense of keeping a record of historical events in said town.

10. To see if the town will vote to adopt the provisions of Chapter 78 of the laws of 1897 for the purpose of electing town officers under the provisions of said laws.

11. To transact any other business which may legally come before said meeting.

Given under our hand and seal at Lancaster, this 26th day of February, 1912.

Fred S. Linscott,	} Selectmen of Lancaster.
S. R. Amadon,	
John Savage,	

A true copy of original warrant.

Attest:

John Savage,	

Selectmen's Report.

In submitting our annual report we hope we have made it sufficiently clear to be self explanatory but it may not be out of place to make a few comments which we will take up under department heads.

Financial Statement.

The financial statement will show that the town debt has been reduced \$4,099.46. \$2,000.00 of this was appropriated to pay the bonds so that \$2,099.46 has been saved out of other appropriations. This saving has not been made by scrimping but is simply money that it was found unnecessary to expend so the same has been covered into the treasury. We have paid \$1,500.00 outstanding notes and carry a balance of \$5,219.80 in the treasury, which we think is about the right amount to start the new year with.

Highways.

While the highway appropriation was liberal and we do not feel like recommending an increase, we do feel that the liberal policy of the town has given us roads that will compare favorably with those of adjoining towns, and in fact, any in the state, under like conditions. This in our judgment is due in part to the wise policy of the town in retaining the services of the road agents who have proven themselves competent, thus reaping the benefit of their experience.

State Road.

The state road construction has been done by John Savage, one of the Selectmen, under direction of the State Engineer. About one and one-half miles of road have been built of the best material available, which is a foundation of field rock covered with a hard pan gravel. While this covering is not ideal, it is the best available nearer than the village pit and should it be

found advisable later, to top this out with the village gravel, nothing will be lost as this hard pan has been found to be a most excellent binder for coarse gravel, especially on hill roads.

About one mile remains to be done to complete the road to the Whitefield line. The balance of this work will be expensive construction on account of fills, cuts and ledges. The conditions are about the same as the last mile of road built last summer, so we have recommended the same appropriation as last year.

Macadam Roads.

The appropriation was expended in resurfacing the road between the crossing near the P. J. Noyes store and the crossing at the Methodist church. A like appropriation will resurface to the railroad crossing, which we have in mind in making the recommendation.

Sidewalks.

We have continued constructing cement walks and the condition of those already built seems to warrant the belief that this is the most economical walk to build.

Sewers.

The sewers are in good working condition but the care of them is quite an item of expense and will continue to be, principally on account of the flat grade of Main and North Main streets. These sewers require frequent dragging and flushing to keep them clear.

Care of the Poor.

The most gratifying report is that of the Overseer of the Poor, not from the fact that it was not necessary to call for the small appropriation of \$300.00, but that the health and material conditions of the poor has been such that it was unnecessary for them to call on the town for assistance.

Town School District.

We can report the work accomplished in our eleven schools for the three terms just closed as exceptionally good, with an excellent corps of teachers, although in some the attendance has not been up to the average desired.

We would ask the parents to cooperate with us by insisting upon punctuality and constant attendance of their children whenever possible, thereby raising the standard of the school, also to visit each term so as to know by observation the existing conditions.

We annex the summary of orders drawn for the year as a basis of estimate of expenses for the coming year:

Teachers' salaries and board	\$3,154 00

CHAS. L. HURLEY, } Auditors.

The librarian in her report shows that there are 8485 bound volumes; that she has given out 13,584, an average of 1.131 per week. There are 930 cards on which books are taken out. The reference work has increased during the last year, much use being made of the Reading Room for this purpose. She also files an account with proper vouchers paid for incidentals out of money received for fines and cards \$23.30, which, with the \$65.00 paid treasurer, makes \$88.30 total, leaving in her hands 25 cents, money unexpended.
